Introduction

- ✓ Welcome to Devsynthesis, where we go beyond being a service provider; we become an extension of your laboratory.
- ✓ Our Team Leaders maintain continuous communication with Client counterparts, ensuring a seamless collaboration.

Feedback System

- ✓ Your feedback is invaluable to us. The management manages it directly, emphasizing a customer-centric approach.
- ✓ Weekly/fortnightly updates are standard, but your input is solicited on a daily basis.

Infrastructure

- ✓ Excellent infrastructure matching larger CROs.
- ✓ A "customer-first" approach guides us, ensuring we meet your requirements promptly.
- ✓ Failures are reported promptly, enabling swift corrective actions

Payment Flexibility

- ✓ Payment after satisfaction is our principle.
- ✓ Our MD, Ashutosh Pathak, believes in delivering first and billing later, ensuring every penny spent is justified.

Productivity & Quality

- ✓ We perform 3–4 reactions per FTE per day, totalling 60–80 reactions monthly (excluding purification).
- ✓ Competitive FFS/FTE pricing with enhanced productivity and top-notch quality.
- ✓ Operating on two Saturdays a month provides an additional 16 working hours, ensuring timely deliveries.

PhD: MSc Ratio

- ✓ Our PhD: MSc ratio is 1:5 or lower based on Chemistry, with no differential costing.
- ✓ Transparency is key and the basis of any collaboration.

Operational Efficiency

- ✓ Minimal operating costs mean no unnecessary overheads for our clients.
- ✓ We're not just service providers; we're partners in your journey, aiming for mutual success.

Working Environment

- ✓ Recognized as a "Great Place to Work," we prioritize a "Happy Mind and Healthy Body" for our employees.
- ✓ Lower attrition rates among chemists showcase our commitment to a conducive working environment.

DIFFERENTIATORS FOR FFS PROJECTS

- ✓ Under This category – We offer the quick literature search and workout on all possible route of synthesis.
- ✓ We perform process development – Optimization and freezing on process to ensure that we can take consistent lab scale batches and then move forward to Pilot scale batches as well.
- ✓ Once the Pilot scale process is set and checked on repeated then based on the required quantity we go for manufacturing campaign.
- ✓ We offer 1 kg to 1000 kg scale very quickly. The fast synthesis with reliable quality is the essence of all our chemistry services.

QUICK TURNAROUND

Proposals/quotations within 24 hours, adapting to the number of compounds requested.

STRATEGIC LOCATION

Devsynthesis in Hyderabad ensures faster access to reagents from major chemical companies and resources.

EXPERIENCED TEAM

Our FFS team combines experience and young talent, ensuring organized efforts for timely and high-purity deliveries.

FLEXIBLE PAYMENT

No pre-payment; clients pay only after the delivery of compounds, with shipment costs covered in the overall cost.
